Serbian Medical Chamber

Serbian Medical Society

President of Regional Medical Chamber of Belgrade (2006-2010)

President of regional association of Serbian Medical Society (2000-2004)

Surgical Expertise and Experience

Anterior segment:

Cataract surgery (all techniques), Glaucoma surgery

Cornea: Perforated keratoplasty

Refractive surgery: LASIK, Epilasik, PRK, phacic IOL (spherical and toric), multifocal IOL (spherical and toric) for presbyopia.

Posterior segment:

pars plana vitrectomy, microincision vitrectomy surgery, eye injuries, intravitreal injections, macular surgery, intrabulbar tumor resection

Combined anterior- posterior segment procedures

Eye operations – more than 15000

Scientific project

`Patophysiology of eye diseases`

- OCT in early diagnostic of optic nerve damage
- Use of Anti-VEGF in treatment of diabetic macular edema
- Surgical treatment of proliferative diabetic retinopathy
- Postoperative optic high order aberations after LASIK and PRK
